DantSpa Presents

# FMR with Indirect Composites

- This is an online 4 days course
- Time 3-7pm daily
- We will teach you both theory and practical.
- For practical – a complete handson kit will be sent to you.
- The kit has a wear model, composites and finishing polishing kit etc.
- You have to restore the wear case in the hands on part.
- We would prefer you doing the course in the clinic as for the handson part you will have to work on your dental chair.

DantSpa Presents

# FMR with Indirect Composites

## Topics we cover

- Composite theory
- Bonding principles
- Which bonding to use and how to use
- Shade selection
- Finishing & Polishing
- Smile Design Principles
- How to order a full mouth wax up
- Things to check in a mock up

For any queries contact

DantSpa Presents

# FMR with Indirect Composites

- Easiest clinical way to record Centric relation
- Which articulator to use and why
- What is Facebow
- How to record Facebow in 3 minutes
- How to mount casts in CR
- How to transfer the Facebow to articulator super simplified
- Deprogrammer – when to use
- How to make a chair side deprogrammer
- Overhyped Occlusion- super simplified in daily clinical practice
- Why do we need to give canine guidance?
- How to plan for it?
- Features of FMR occlusion
- How Occlusal analysis may change our treatment plan

For any queries contact  
+917558585622, +917887685622

DantSpa Presents

# FMR with Indirect Composites

- Tooth wear- Diagnosis & Management
- Attrition & Erosion
- Abrasion & Abfraction
- Generalised Wear Management
- Confirmative FMR approach- when to do and how to do
- Reorganised FMR approach- when to do and how to do

For any queries contact  
+917558585622, +917887685622

DantSpa Presents

# FMR with Indirect Composites

- How to plan for FMR
- Which case to be done with crowns and which with Composite
- How to convince patient for FMR
- What planning to be done before the patient comes
- Clinical steps for FMR- whole sequence
- How to manage FMR failures
- What instructions to be given to the FMR patient
- How to manage FMR recalls
- How to charge the FMR patient

For any queries contact  
+917558585622, +917887685622

# FMR with Indirect Composites

- Class I
- Class II- special focus
- Class III
- Class IV
- Class V
- Diastema closure
- Multiple spaces closure and management
- Bioclear matrices
- Black triangle closure
- Single tooth with indirect composites
- Anterior Smile design cases
- FMR cases with indirect Composites
- Composite Injection moulding techniques
- How to create 3D anatomy
- DME – deep marginal elevation
- Full arch rubberdam placement
- Rubberdam made easy
- Tips and tricks on placement
